

ICMEE

2019 International Conference on Mechanical Engineering Education

— *Future-Oriented Engineering Education Excellence*

October 25 – 28, 2019

Shanghai, China

Concurrent with

- 2019 Special Session of National Mechanical Engineering Teaching Advisory Board under the Ministry of Education
- 2019 Council Meeting of Mechanical Education Union of Excellent Engineers
- ASME Engineering Education Committee Meeting

Hosts

- Chinese Mechanical Engineering Society (CMES)
- American Society of Mechanical Engineers (ASME)
- Institution of Mechanical Engineers (IMechE)
- National Mechanical Engineering Teaching Advisory Board under the Ministry of Education
- Mechanical Education Union of Excellent Engineers (MEUEE)

Organizer

- Shanghai Jiao Tong University (SJTU)

Co-Organizers

- *Research in Higher Education of Engineering Press*
- *Tsinghua Journal of Education Press*

Contacts

Liang Ying, CMES, liangy@cmes.org, +86-(0)10-68799037

Han Dong, SJTU, dong_han@sjtu.edu.cn, +86-(0)21-34206860

Please visit icmee2019.sjtu.edu.cn for details on ICMEE 2019

The ICMEE aims to

- gather mechanical engineering professionals in education, industry and government education administrators to explore the current state and future needs of mechanical engineering education, and advocate for future development
- discuss the impact that the new scientific-technological revolution and industry changes exert to mechanical engineering education from the global perspective, and explore the new concepts and models of engineering education
- advance the global development of engineering education by exploring both wide-spectrum and deep-level multi-national exchange and collaboration in engineering education

Committees

Advisory Committee Chairman	Zhou Ji	Former President of the Chinese Academy of Engineering	CHN
Conference Chairmen	Li Peigen	President of Chinese Mechanical Engineering Society	CHN
	Richard Laudanat	President of American Society of Mechanical Engineers	U.S.
	Tony Roche	President of Institution of Mechanical Engineers	U.K.
Executive Chairman	Lin Zhongqin	President of Shanghai Jiao Tong University	CHN

Topics (including without limitation)

- Mechanical Engineering Education Accreditation
- International Education Cooperation
- Talent Training for Smart Manufacturing
- Curriculum and Instruction Practices for Manufacturing Technology
- Academic-Industry Collaboration
- New Approaches to Engineering and Interdisciplinary Education

Call for Posters

In addition to 3 concurrent events, ICMEE 2019 consists of plenary session, 6 parallel sessions and corresponding poster sessions on specific topics. Selected posters will be invited for oral presentation at relevant sessions and/or recommended to be published on *Research in Higher Education of Engineering* and *Tsinghua Journal of Education*.

- 30/04/2019
Deadline for poster submission
- 31/05/2019
Delivery of acceptance notification and invitation letter
- 30/06/2019
Notification for oral presentation
